New Underwood - Community Center  
500 S A Ave.

**Contact:** Dave Ollila  
(605) 394-1722 or david.ollila@sdstate.edu

### **Meet Jim Gerrish**

Jim's experience includes over 20 years of beef-forage systems research and outreach, while on faculty of the University of Missouri (UM), as well as 20 years of commercial cattle and sheep production on his family farm. The UM Forage Systems Research Center (FSRC) rose to national prominence as a result of Jim's leadership. His research encompassed many aspects of plant-soil-animal interactions and provided foundation for many of the basic principles of Management-intensive Grazing. He is co-founder of the very popular 3-day grazing management workshop program at FSRC. Jim and his wife, Dawn, live in May, ID.
